Day Spa Delight

Head to the hinterland for a lush and languid getaway at the stunning Maya Ubud Resort, set amidst steep forest brimming with banana trees, bamboo and palm groves. Famed for its exotic sensory journeys, a spa session at Maya Spa is perfectly complemented with a nutritious and tasty lunch at the River Café. Thankfully you don't need to stay here to get a taste of the tropical healing vibe, as outside guests can sign up for a variety of spa packages. We recommend the 'Day at Maya,' which includes a yoga session in an open-sided pavilion overlooking the tropical gorge, a walk in the rice paddies, relaxing Balinese massage, a facial or body scrub, and a herbal bath in the riverside spa. It also includes a cooking class featuring easy to prepare Balinese and Indonesian dishes.

Jungle Story

With a divinely situated infinity pool clinging to a gully surrounded by rainforest, Jungle Fish is a magical place to relax for a day. Stretch out on a deck chair and sip a *Mango and Coconut Mojito* while listening to the sounds of the forest and the fast flowing river sweeping through the gorge. The innovative menu includes modern Mediterranean dishes infused with a touch of exotic Asian flavour; think fragrant *Grilled Octopus* boiled with star anise, lemongrass and galangal then grilled with Pernod, lemon and oregano. You can also find favourites such as Greek-style dips and wraps. The Rp 150,000,00 cover charge is fully credited towards food.
