## SEMINYAK ITALIAN FOOD ►

The members of the kitchen team at Seminyak Italian food are masters at transforming ingredients into dishes that are tasty and satisfying. The short menu that is full of punchy propositions such as the Spaghetti Vongole (three types of clams, zucchini and its blossoms with garlic, white wine and parsley) is an ambitious labour of love that further ups the ante in the Seminyak area. The restaurant's interior is easy on the eye. Wines run the gamut from cheery glassful to splash-out showcase, and staff serve even the most modest orders with grace and flair.
