UBUD BALI

Set in hillside gardens, between a steep river valley and gently swaying fields of rice, Bali's award-winning Maya Ubud Resort & Spa is a masterpiece of contemporary wonder and ethnic chic.

Natural colors and local materials have been blended to harmonise with the environment; three exceptional restaurants offer specialties from around the world; and the delightful accommodation includes individual Balinese-style villas, many of

which boast private pools. Shaded by verdant jungle foliage, the enchanting Spa at Maya offers exotic and invigorating treatments in calm seclusion, its thatched pavilions overhanging the fast flowing Petanu River.

Favored by honeymooners and holiday makers alike, Maya Ubud is an ideal choice for those looking for luxurious facilities in a special piece of untouched Bali.
